Beginner Drivers Tips

Getting Ready to Drive

Driving is one of the riskiest daily activities that you'll do so, preparing yourself and your vehicle is vital.

Unfortunately, it's true. Drivers under the age of 25 are more likely to be involved in a road crash. Read the Safer Drivers section of this website to find out why and how to be prepared.

And, it's a good idea to read The Driver's Handbook... especially the section on road safety, which explains your responsibilities as a driver.

Eligibility

To be issued with a learner permit you must be 16 years of age or older and;

- have a South Australian address
- meet evidence of identity requirements
- be medically fit to drive
- not be disqualified from getting a learner permit
- not be currently subject to a Fines SA (External link) licence sanction
- not have any outstanding relicensing requirements i.e. Licence Eligibility Order
- have passed all the appropriate tests
- pay the appropriate fees.
